## MALKA Spirit of a Craft Beer

Malka EAU DE VIE DE BIÈRE is made from Malka Blond Ale, Israel's top selling craft brewery and the brewery's flagship beer.

Malka Blond Ale is rich in unique flavors thanks to the fresh Israeli oranges and coriander seeds that we add during the brewing process.

Malka EAU DE VIE DE BIÈRE has a sweet aroma of citrus flowers, vanilla and a touch of rose water. It is rich in flavors of grains, cumquat, coriander seeds and a trace of hops. The distillate is clear in color and has a long citrus finish.

700ml / 44% alc by volume / kosher

Drink cold, neat  
or in a Cocktail

## Origin

Malka Brewery flagship beer, Malka Blond Ale. A bright beer with citrusy notes, complex and balanced maltiness, and intoxicating floral aromas.

## Distillation

A double distillation process utilizing pot still to yield EAU DE VIE DE BIER, a vibrant, true-to-origin liquid with unexpectedly long finish for such a clear spirit.

## Controlled Maturation

The clear EAU DE VIE DE BIER was matured in four different profiles using French and American oak casks and unique controlled maturation process. The spirits were later blended to create a harmonized, silky, complex and aromatic spirit, maintaining the integrity of the original Malka Blonde beer characteristics.

or with a  
cube of ice

## Malka Gin

Proudly introducing Malka Gin, the first and only Israeli gin created directly from local craft beer. Multiple years of research, tasting and fine tuning have yielded a refined classic gin, with a unique local twist. Local herbs and spices like Baladi Cucumber and Jasmine mingle perfectly alongside classic Juniper and Angelica.

Uniquely featured is Mastic, a famous spice relied on in Greece's local spirit "Mastika", that's exceptionally rare to be found in a gin, but perfect for Malka Gin because it's also found in the Galilee area, where our craft brewery is located. And to honor its craft beer origin, Baladi Cucumbers were infused using techniques akin to a "dry hop", creating a unique fresh cucumber flavor and aroma.

Malka Gin - a world class gin, with a local zest.
